

GEOxyz – Internship

Are you eager to gain hands-on experience and dive into the dynamic world of survey? At GEOxyz we have multiple internship programs across our various departments including survey, data processing, engineering, IT, and more.

During your internship with us, you'll have the opportunity to discover your strengths, explore your passions, and chart your professional course - all within a supportive and welcoming environment surrounded by like-minded peers and considerate mentors.

Excited to kick-start your journey with us? Take the first step by applying today.
